## OUR NEW MODEL: W091

In order to start 2013 in the best way, we are studying and implementing a new wheel model: its name is W091 and it is the restyling of our best selling model W071. W091 will have the following characteristics:

- 4 and 5 holes;
- sizes from 14" to 17";
- ET from 28 (for French cars) to 55 (for Subaru cars).

Production is already started with 16" and 14" sizes, then we will create the 15" and finally the 17" size.

This wheel will be available in Silver and Titanium colors.

It will be soon available and we are sure that you will like it, in particular because of its 5 double spokes.

Have you already fallen in love with W091? Waiting for your feedback, we will come back to you soon with the first production details ;-)

## LIMONE SUL GARDA

When you think about Limone, immediately lemon trees bloom, the fragrant oleander and lush vegetation surrounded by romance come to mind. Limone is located at the foot of the steep rocks of Dosso dei Roveri and it seems to be crushed by them. Symbol of this country are the lemon groves on terraces that give fruit highly sought for their unmistakable aroma.

Today Limone is a destination for tourists in the summer stroll through its narrow streets and hidden corners. Quieter and more romantic is the environment in the mountains behind, where olive trees are grown on terraces. In the mills it is produced a good extra virgin olive oil with a long tradition. If you want to spend a romantic weekend in Limone del Garda, you can book a room to Park Hotel Imperial, Hotel Leonardo Da Vinci, Hotel Ilma or Hotel San Pietro.

## DID YOU KNOW THAT ...?

Did you know that Tania loves motorbikes? When she was young, her father used to bring Tania home by his Vespa 250 on Saturday after school.

And every time she went into the garage and found the Vespa parked, she jumped on it and she played to ride the motorbike!

When Tania was 15, she asked to her parents to have a scooter. At first they refused her request, because she fell every time she rode her bike.

But at the end of a hard battle, Tania won and in May 2004 she received her Malaguti F12.

Finally she was free to go everywhere, especially during the summer.

During the following years, Tania used to go to school and to university by her scooter fighting against rain and cold: it was faster and more convenient than buses in the city. But when she started working, Tania preferred to use her car and since then her lovely Malaguti F12 is parked in her garage. Tania's dream is to buy a motorbike, for

instance a Ducati Monster: sometimes during the summer she goes to the lake with her friends, who have Suzuki and Honda motorbikes.

For the moment it is only a dream .. then .. We'll see!

## PERCIA'S GROUP HELPS THE CHURCH COMMUNITY OF MAIRANO

Don Alessandro Lovati is a priest.

He was born in Milano and when he was young, he used to come on vacation in Sirmione on The Garda Lake, where Fabrizio was living.

Being neighbours in the same street, Fabrizio and Alessandro have been growing up together and, like every other guys, they were little bandits. Then suddenly, at the age of 14, Alessandro attended a course on the local church and his mind totally changed, deciding to become a priest.

"I tried every way to make him come back to the bad old criminal way, but he resisted me, and now he keeps telling me I am the devil" says Fabrizio

Today Don Sandro is running the community of Mairano, he helps poor people and he is restoring the Church.

Fabrizio, Marta and Tania have contributed with 2.000€ to the cost of the food and restorations.

We are particularly proud of our help to the community.
