RIVA DEL GARDA

The city Riva del Garda is located in the north of the lake. It is the most important center of the region Trentino-Lake Garda and belongs to the most fascinating towns in the surroundings. It adjoins the mountain Rocchetta (1575 m) in the west and is protected by the mountain Baldo (2218 m) in the east.

The so called "pearl of Lake Garda" is a Mediterranean oasis situated at the foot of the Dolomites, with a mild climate and a rich vegetation of lemon trees, palms, olive trees and laurels. The town owes its special charm to the white shingle beaches, the clear blue water and the fresh air.

Riva del Garda is an important water sports centre with its two ports and is especially popular for windsurfing and sailing.

Interesting excursion destinations in the surrounding area of Riva are the Lake Ledro, the lake Tenno, the „Cascate del Varone“ and the small village „Pregasina“, which offers a spectacular view over the lake Garda

DID YOU KNOW THAT?

Did you know that... Fabrizio's 1st job was old cars restoration?

"When I was a student at the University, money was always short. I was making some money washing cars at the local Gas Station, renting pedal boats in Sirmione, or working as mechanic assistant. One day I saw an old VW Beetle 1964 and I felt in love. I bought it for 500.000 Lire (250€) and I restored it to drive it with my friends. I became very sick for this car and I bought another and another. In 4 years I restored and I sold 26 VW Beetle from 1950 to 1962. I made good money with this passion: I paid my studies and I travelled the world looking for Cars and Parts in Germany, Austria, Switzerland and California.

During this time I restored 4 "split window" and 1 oval window of the 50es.

I sold my The best Beetle in 1991 to the Museum of Milano because I needed money to purchase my house. Today it would worth very good money... but is gone".

ITALIAN ELECTIONS 2013

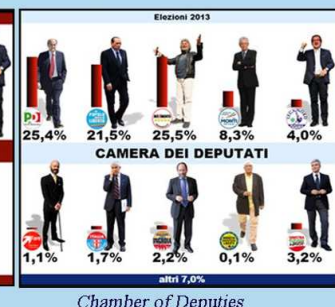

On 24th-25th February 2013 a general election took place to determine the 630 members of the Italian Chamber of Deputies and the 315 elective members of the Senate.

According to results, the centre-left alliance led by the Democratic Party obtained the majority of seats in the Chamber of Deputies, while in the popular vote it defeated the centre-right alliance of former Prime Minister Silvio Berlusconi. Close behind, the new anti-establishment Five Star Movement of Beppe Grillo became the third force, clearly ahead of the centrist coalition of outgoing Prime Minister Mario Monti.

In the Senate, no political group or party won an outright majority.

QUOTE OF THE MONTH

Most people work long, hard hours at jobs they hate that enable them to buy things they don't need to impress people they don't like.
