

**INTEGRATED CONTROL SYSTEM**

Since 2006 Fondmetal has implemented a project for the collection of all production information from every single department.

Today a programme allows just-in-time automatic acquisition of all information related to production progress in every department, to operators' activity, to machine downtime and scrap:

This prevents paper waste, transcription errors, manpower related to data entry.

We can thus obtain and analyse data related to: machine time, manpower, performance, efficiency, productivity and OEE.

The software enables:

- Machine data collection through PLC SIEMENS
- Monitoring of all machines in real time
- Operator management
- Production order management
- Downtown management
- Tool management
- Machine log book
- Interface with the management system
- Reporting and production statistics
- Data exportability.

**ITALIAN PEOPLE**

If you deal with Italian People you better know them well...

TRAFFIC

Everyone needs vacation and everyone has to travel to his Dream destination by car or by airplane or by train.

If you are planning a trip in Italy for Spring or Summer holidays, we suggest you to be aware of the traffic situation, because Italian People go on holiday

following the same traffic lines for more than 50km on the critical days.

If you move the day after or the day before, you will surely organize the "clever departure" in our Bel Paese.

Typical traffic line during Italian holidays.

**THE ORGANIZATION OF****PERCIA'S TEAM:****WORKING WITHOUT MARTA**

As you know, Marta is at home in maternity leave and she is waiting for her daughter in few weeks.

In the meanwhile we are organized in this way:

FABRIZIO is in office and travels every week to visit customers and Car Shows.

TANIA is taking care of all the back office... A lot of work!

SILVIA became part of Percia's Team in December and she is helping Tania for every task.

MARTA steadily checks all the emails from her computer at home and she has open communication with all.

Now you have discovered the secret organization of a Team, the Percia's Team :-)

Fabrizio

Tania

Silvia

Marta

NEW MODEL 7700**"RETYLING"**

For some years you have been purchasing our Wheel Model 7700.

The wheel 7700 is technically very interesting.

So, in order to take profit of its existing fitments, we have restyled it and created the new design 7700 "R" both in 5 and 6 holes.

Which version do you prefer?

**PHOTO OF THE MONTH**

Percia meets the World Champion Boxer Salvatore di Salvatore

QUOTE OF THE MONTH

"The secret of change is to focus all of your energy, not on fighting the old, but on building the new."

Socrate

REFERRALS

"No worries at all!
You're doing a great job."

Ingrid - Renault

QUIZ OF THE MONTH

How many Km has the Percia's Team Car made?

A) 240.000Km B) 340.000Km C) 440.000Km

The first correct reply wins a golden medal!
